## Background: About the ACCJC Annual Report

In accordance with federal regulations and the Commission [Policy on Monitoring Institutional Performance](#), ACCJC applies a set of annual monitoring and evaluation approaches to assess member institutions' strengths, stability, and ongoing alignment with the Standards during the course of the accreditation review cycle. The Annual Report (AR) is one of the tools used for this process. Using institutions' self-reported data, the ACCJC Annual Report collects headcount information to monitor institutional growth (including growth in distance and correspondence education) and institution-set standards for key indicators of student achievement, licensure exam pass rates, and job placement rates.

To assist you as your institution prepares its responses, you can find additional information, data definitions, and a printable version of the 2025 survey questions at <https://accjc.org/wp-content/uploads/Annual-Report-Instructions-and-Questions-1.pdf>.

## Technical Notes for the 2025 Annual Report Survey

The 2025 Annual Report collects data for the three-year period that includes 2021-2022, 2022-2023, and 2023-2024.

Additional information and data definitions are provided in the instruction text where relevant.

All questions with an \* are required.

If a question is not applicable, please enter n/a.

If you are copying and pasting figures from a Word or PDF document, please ensure your numbers don't have extra (trailing) spaces in the end.

Answers are saved automatically, and can be accessed and revised as many times as needed prior to submission.

Use the "Section Navigator" buttons on the next page to jump between sections.

## Submitting the 2025 Annual Report Survey

To submit a final copy, follow the instructions in the Final Step page of the online survey. When the survey has been submitted, the College ALO and the individual completing the survey (if different) will receive email confirmation of submission and a copy of the survey responses. ACCJC will forward a final PDF copy of the Annual Report to the ALO and CEO for final review (and adjustment, if needed). If no corrections or adjustments are needed, the PDF copy will stand as the final, certified copy of the Annual Report.

This is the Section Navigator which will allow you to jump to any sections of the survey. You can complete the sections in any order and if you need to return to the main page, please use the back button.

To begin or return to a section, please click the **Answer** button.

The **Next** button at the bottom of this page will bring you to the final page of the survey. You will not be able to proceed until all sections of the survey have been completed.

If you can't complete a section in one sitting, click **Back** to navigate back to the section navigator to complete a different section.

Questions marked with an \* are required.

**5. Total unduplicated headcount enrollment for last three years:**

*For the purposes of this report, unduplicated headcount is defined as the total number of students (credit and non-credit) enrolled at the end of the general enrollment period (also referred to as first census date). The academic year should include leading summer, fall, winter, and spring terms. If your institution calculates the academic year differently for the purposes of monitoring annual enrollment, you may respond using your local calculation and describe your method in Question 20.*

**6b. Please list any individual degree-applicable credit program which has experienced an increase or decrease of 50% or more in the last year. (Enter N/A if this does not apply to your institution.)**

*Per federal regulations, ACCJC is responsible for monitoring for significant program growth (or decline) that may potentially impact an institution's ability to meet Accreditation Standards. ACCJC does not determine what constitutes a program for colleges. For the purposes of this report, you may define degree-applicable credit programs as appropriate for the context of your institution's unique mission.*

Automotive and Welding 64.4% increase  
 General Education 145.5% increase

Due to Columbia College's size this breakdown looks at larger programs of study (meta-majors) instead of individual awards. For General Education this is primarily due to increasing the number of students declaring into the CSU GE Breadth Certificate of Achievement and the IGETC Certificate of Achievement. For Automotive and Welding this is probably due to students returning to CTE programs after the COVID pandemic.

**7. Do you offer Distance Education?**

*Distance education is defined as education that uses technology to deliver instruction to students who are separated from the instructor(s) and to support regular and substantive interaction between the students and the instructor, either synchronously or asynchronously. For the purposes of this report, include only those courses that are 100% online in your calculation of unduplicated headcount enrollment for distance education. Do not include hybrid courses or courses in which all the class hours are face to face, but some material is posted online.*

**8. Do you offer Correspondence Education?**

*Correspondence education is defined as education in which (1) the institution provides instructional materials (and examinations on these materials), by mail or electronic transmission (including transmission via learning management system) to students who are separated from the instructor; and where (2) interaction between the instructor(s) and the student is limited, is not regular and substantive, and is primarily initiated by the student. Online courses or online portions of courses which primarily involve "paperwork" (e.g., reading textbook and other materials posted by the instructor, taking examinations, and submitting assignments) will fall within the definition of correspondence education rather than distance education. If the online portion of a class meets the definition of correspondence education, then even if the class also meets on site, it will be considered a correspondence education course for Title IV qualification purposes. Correspondence education is not considered distance education within the U.S. Department of Education definition (see question 7, above).*

11a. Please provide a link to the exact page on your institution’s website that displays its most recent publication of disaggregated student achievement data:

ACCJC will include a link to this page in your institution’s entry in the [ACCJC Directory of Accredited Institutions](#). This reporting and monitoring requirement supports ACCJC’s recognition by the Council of Higher Education Accreditation (CHEA) and is aligned with ACCJC’s Accreditation Standards 1.1, 1.3, 1.5, and 2.9.

Reflecting on your score above, describe how your college is supporting continual improvement and innovation in alignment with the ACCJC Standards and guidelines for data transparency on your institution’s public website? (100 words)

The Columbia College Research and Planning Office will look into adding a link on the homepage. Additional work can be done to add context to data on the dashboards. The Data Dashboards provide flexible disaggregation. We can do better with storytelling and in the future we would like to post college planning objectives on a webpage.

**12. Course Completion Rates**

*For the purposes of this report, the successful course completion rate is calculated as the number of student completions with a grade of C or better divided by the number of students enrolled in the course. If your institution calculates successful course completion differently, you may respond using your local calculation and describe your methodology in Question 18.*

**18. Does your college offer programs that require students pass a licensure or similar exam in order to work in the field?**

No

**19. Does your college offer Career and Technical Education Programs?**

Yes

For the purposes of the Annual Report, Job Placement Rate is defined as the percentage of students who are employed in the year following completion of a CTE (career-technical education) certificate or degree program. (This means that the denominator for the 2022-2023 job placement rate will be the number of students who completed the program in 2021-2022.) Report only those programs with a minimum of 10 students in the completion year. For example, if a program had 9 students complete in 2021-2022, you do not need to report a job placement rate for 2022-2023. Report only those programs for which reliable data are available. If your institution has defined its job placement rate differently than what is described above, you may complete this question using your local definition provided that you describe this definition in Question 20.

Our institution has programs that meet these conditions.

**20. Please use this text box to provide any comments or context regarding the data submitted in this report (optional, no word limit).**

There is an issue with using Data Vista as it has a lag time. There are a few areas where they do not already have the 23-24 data available. However, this also caused us to discuss that some metrics may have changed from Student Success Metrics so intend to review our Institution Set Standards.

**In this Annual Report, ACCJC seeks to gain additional insights from our member institutions. Regarding student achievement data, these questions seek to learn more about how colleges are advancing student achievement, challenges faced, and support needed.**

**21. Reflecting on your Institution's student achievement(s), what efforts/initiatives/competencies have you found to be fundamental in supporting the recent successes you've observed/reported? Please describe any innovations and improvements along with a brief narrative of how it was achieved. (max 200 words)**

One effort is our K-16 Collaborative grant with a focus on three pathways; health, education, and computer/cyber security. The funding has provided focused staff to champion and help guide the programs.

### **Final Step**

**Thank you for completing the survey. Please take a moment to review your submission. If you need to make any changes, you can click the back button or the navigation buttons below. When you are ready, please click the submit button at the very bottom on the survey.**

**By submitting this report on behalf of my institution, I confirm that the data and information contained herein is accurate and correct to the best of my knowledge. The institution acknowledges that knowingly submitting false or inaccurate data may result in notification to the U.S. Department of Education and/or accreditation action.**
