1. Areas of GE Breadth (A1 through F) are defined in EO 1033. Areas of American Institutions (US-1 through US-3) are set forth in Sections and IB of EO 4405, and at [www.assist.org](http://www.assist.org). Columbia College award of AP credit aligns with AB 1985 requirements.
2. If a student passes more than one AP exam in calculus or computer science, only one examination may be applied to the baccalaureate.
3. For UC transfers, maximum credit = 8 quarter/5.33 semester units for both English Language/Composition and English Literature/Composition exams.

4. For CSU, if a student passes more than one AP exam in physics, only six units of credit may be applied to the baccalaureate, and only four units of credit may be applied to a certification in GE Breadth. For UC, 8 quarter/5.33 semester unit maximum for all tests.
5. For UC, 8 quarter/5.33 semester unit maximum for all 3 Studio Art exams.
6. Only partially fulfills CSU History, Constitution, and American Ideals requirement.

### **AA/AS:**

A student who receives AP credit and then takes the equivalent Columbia College course will have the unit credit for such duplication deducted prior to being awarded the Associate degree. Credit by Advanced Placement exam is noted and listed first on a student's transcript, with units assigned and a P (Pass) grade.

### **CSU GE:**

The Advanced Placement examinations may be incorporated into the certification of CSU General Education-Breadth requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breadth area if the examination is included as part of a full or subject-area certification. Please note that individual CSU campuses may choose to grant more units than those specified toward completion of General Education-Breadth requirements.

### **IGETC:**

AP exams must be used in the area indicated regardless of where the certifying institution's discipline is located.

# 2024-2025 CLEP Exams

**NOTE: 2025-26 CLEP will be published in Fall 2025. Check back or consult with a counselor.**

Students must have College Level Examination Program (CLEP) exam results sent to the Admissions & Records Office (hand-carried copies will not be accepted). Students are strongly encouraged to see a counselor when interpreting CLEP scores. CLEP credit granted at Columbia College may differ from credit and units granted by a transfer institution. Students with the minimum CLEP scores may earn credit to satisfy Columbia College General Education Breadth areas as well as California State University General Education Breadth areas as outlined in this chart. NOTE: The University of California does not award credit for CLEP exams and IGETC does not allow use of CLEP exam credit to satisfy requirements.

# 2025-2026 Columbia College/Modesto Junior College Intradistrict Equivalent Courses

The Yosemite Community College District is home to two community colleges, Columbia College (CC) and Modesto Junior College (MJC). That means that some of Columbia’s courses are considered “comparable” to courses offered at Modesto Junior College. Students who have taken courses at either school and wish to take courses at the other, should see the course crosswalk below. This list is subject to change. See the Articulation Officer in the Counseling Office for questions about course equivalencies between the two colleges. Please note: although this list indicates comparable content in courses at both colleges, it does not guarantee that courses will fulfill the same transfer requirements. Please verify by seeing a counselor and using [ASSIST](#), the official transfer and articulation system for California’s public colleges and universities.
