Financial Aid Myth #18:

"...I applied for the Board of Governors Fee Waiver and didn't qualify. I won't qualify for Federal grants either."

Reality: The BOGW granted by the State of California does have specific income limitations in determining eligibility, however the Department of Education takes many of your answers given in the Free Application for Federal Student Aid (FAFSA) into consideration. Students are often granted a federal fee waiver by filling out the FAFSA, as well as grants.

FINANCIAL AID INFORMATION

Financial Aid Myth #18:

"...I applied for the Board of Governors Fee Waiver and didn't qualify. I won't qualify for federal grants either."

Reality: The BOGW granted by the State of California does have specific income limitations in determining eligibility, however the Department of Education takes many of your answers given in the Free Application for Federal Student Aid (FAFSA) into consideration. Students are often granted a federal fee waiver as well as grants by filling out the FAFSA.

DON'T FLOP—GO FLASH!

The Library staff recommends the best way to save and transport computer documents, photos or other files is with a flash drive. Files saved on floppy drives can be difficult or impossible to open when using a different computer than the one on which they are created. This can become a problem if a document is saved on a home computer and then a student wants to print it out on the library's laser printer, but the library computer cannot open the file. Flash drives are available in the Manzanita Bookstore for a modest price; they are fast and reliable. ***Go flash, not floppy!***

Financial Aid Myth #18:

"...I applied for the Board of Governors Fee Waiver and didn't qualify. I won't qualify for federal grants either."

Reality: The BOGW granted by the State of California does have specific income limitations in determining eligibility, however the Department of Education takes many of your answers given in the Free Application for Federal Student Aid (FAFSA) into consideration. Students are often granted a federal fee waiver as well as grants by filling out the FAFSA.

DON'T FLOP—GO FLASH!

The Library staff recommends the best way to save and transport computer documents, photos or other files is with a flash drive. Files saved on floppy drives can be difficult or impossible to open when using a different computer than the one on which they are created. This can become a problem if a document is saved on a home computer and then a student wants to print it out on the library's laser printer, but the library computer cannot open the file. Flash drives are available in the Manzanita Bookstore for a modest price; they are fast and reliable.

Go flash, not floppy!

DON'T FLOP—GO FLASH!

The Library staff recommends the best way to save and transport computer documents, photos or other files is with a flash drive. Files saved on floppy drives can be difficult or impossible to open when using a different computer than the one on which they are created. This can become a problem if a document is saved on a home computer and then a student wants to print it out on the library's laser printer, but the library computer cannot open the file. Flash drives are available in the Manzanita Bookstore for a modest price; they are fast and reliable.

Go flash, not floppy!

FOOD—YES! FINES—NO!

Here's your chance to pay off any old (or new) library fines and do your community a favor at the same time. The Library will accept a can of food to "pay off" one dollar of library fines. The canned food will go toward the Student Senate's canned food drive thru Dec. 1st. Canned food cannot be used to pay for any lost materials, but can be used to get rid of any old lingering fines on your record. If you're not sure if you have any fines against your student record, ask one of the library staff (or call 588-5119) to check the files. To pay off your fines with canned food, be sure to bring the cans to the library, and tell the staff it is to take care of your fines. Or do it even better.....pay off a friend's fines with your cans of food!

Christmas is just around the corner and last year your kindness helped bring smiles to many young faces. You were able to make Christmas much brighter for forty-eight children. This year we anticipate as many as eighty children who are in need of *Angels* such as you. Ornaments with child information will be on the Christmas Tree in the Rotunda Dec. 5th. *Would you like to donate a gift for a child?* If so, take an ornament, purchase a gift, wrap it, and then return it to the Student Senate Office with the original Ornament tag by Tuesday, Dec. 13th.
