STAYING SAFE ON WINTER ROADS:

Take it slow! Wear your seat belt! Pay attention to the weather. Go easy on your brakes. If you slide, turn your wheels in the direction that the rear of your car is sliding. Icy-road accidents happen in multiples.

IF YOU HAVE A CAR ACCIDENT:

DO:

- * If your vehicle is still drivable, keep moving!
- * If your car is disabled, stay in your vehicle, if traffic is approaching.
- * If possible, get away from the road as quickly as you can.
- * If it is not possible to get off the road, stay in your car.

DO NOT:

- * Don't get out of your car and stand on the road.
- * Don't stop for accidents or stranded vehicles along an icy roadway.

The staff and faculty of Columbia College would like to thank all our students for making us your educational choice and wish you a wonderful holiday season.
